The Moving Picture Boy entry:

““The small, snub-nosed Richard - son of an experimental mechanic at North American Aircraft - was the elder of two acting brothers, and a late recruit to the **KETTLES** series. He was a pugnacious little number, a sort of brunter answer to Lee Aaker. After good featured parts in films like "**THE DESPERATE HOURS**" and "**FRIENDLY PERSUASION**", he had leads in "**THE INVISIBLE BOY**" and "**JOHNNY ROCCO**", and played the genie in "**THE SEVENTH VOYAGE OF SINBAD**". Later, in his mid-20s, Richard Eyer had a supporting part in the 1972 "**Lassie**" TV series.”
