Born: Bulgaria; c1959

The Moving Picture Boy entry:

“The son of scientist parents, Aleko was discovered by Ivanka Grubcheva, who gave him a small part in "**DECA IGRAYET VEN**" and then the lead in "**PRI NIKOGO**", an admirably unsentimental drama of divorce. Its title, "With No-one", is the boy's answer in court when asked which of his parents he wants to go and live with. Having finished his military service, Aleko – who once described himself to Grubcheva as "your lazy boy" – hoped to return to acting.”
