They're putting people into prison for photographs like this today. All differentiation between simple nudity and illicit sex has disappeared in the ferocity of the purge. Fortunately this image is from a Czech children's video.

CVMC video retail/rental website review:

"A group of kids roughly eight to twelve years old have a number of adventures and lots of fun with their pet Dalmatians until a nasty neighbour decides he wants the pups dead. Will our little heroes foil his diabolical plans by the time the ending credits roll?

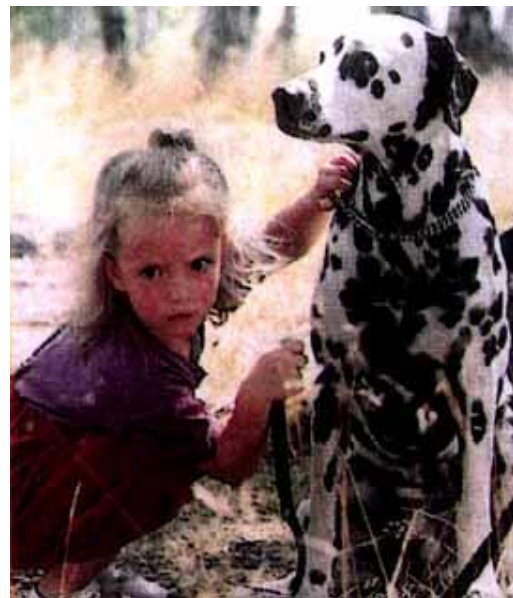

Rated NR: brief/moderate nudity; mild violence

Language: Czech

Categories: Boy Films, Little to Preteen, Comedy, Drama, Girl Films, Little to Preteen

NOTE: This movie is in Czech with NO ENGLISH SUBTITLES OR DUBBING. "

Cruella DeVille alert! "101 DALMATIONS" was released a year before this film – but I suppose we could mark that down to coincidence...

No further information currently available. Credits courtesy of "Variety International Film Guide 1997". Simková-Plíková has been noted for her children's films, as far back as "PANI KLUCI" (74). Nothing else is known of Nosál. There's no listing in "The Moving Picture Boy".
