Hot Tickets listing (July 2000):

“The true-life murder of Teena Brandon, the girl who passed for a boy, gets a worthy memorial in Hilary Swank’s performance. With Chloe Sevigny as the girl she/he falls for. **nil**”

No further information currently available. Whether that's a strange way of describing a transexual, a transvestite, a lesbian, or whether this is just another *girl disguised as boy to accomplish goal* situation, remains to be discovered.

See subject index under **WOMEN AS BOYS / GIRLS AS BOYS**.
