Excerpt from **Variety International Film Guide 2000** review of “ABELTJE”:

“...It is a striking spectacle with, by Dutch standards, great special effects, and its success gave a huge boost to the already lively Dutch children’s film scene. Ineke Houtman (“**SCRATCHES ON THE TABLE**”) and Ger Poppelaars (“**THE MISSING LINK**”) have also provided meritorious entertainment for the young in recent times, while new films by Martin Lagestee (“**THE RED SWAN**”) and Maria Peters (“**LITTLE CRUMB**”) are on the way.”
