Amazon.com customer review:

“Although this movie was about 3 male friends growing up in New York, anyone who has ever had one or two good friends can relate. It was a sweet movie that touched on some real life situations and showed how friendship can grow and be more cherished as the years go by. After I watched it, I wanted so much to

find the song that played at the end to share
with my best friend. But alas, I cannot find it.”
- Kimberly from Columbus Ohio
